WHY DID YOU DECIDE TO JOIN HESS?

I fit in very well with the dynamic and culture at Hess and knew that I would be able to make an immediate impact in the company.

WHAT IS THE MOST REWARDING ASPECT OF YOUR JOB?

Seeing that my input and work products are valued and making a difference on decision-making within Global New Ventures.

WHAT ARE YOU CURRENTLY WORKING ON?

I'm working with my team to identify new international exploration opportunities.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Give and take. I produce the best quality work for Hess and the company provides me with training and opportunity to ensure that I gain the experience and knowledge I need to succeed.

WHERE DO YOU WANT TO BE IN FIVE YEARS?

I hope to have contributed to major new plays, discoveries and developments. The key for me is to achieve and deliver positive growth and results for both Hess and myself. The next five years look great!

WHAT DO YOU LIKE MOST ABOUT HESS' CULTURE?

I love that Hess has the global reach of a major and the spirit of a successful independent.

WHY DID YOU DECIDE TO JOIN HESS?

I joined Hess because Hess sponsored my college education and allowed me to be an employee at the same time.

WHAT ARE YOU CURRENTLY WORKING ON?

I am in my first rotation in the Foundation Program as a facilities engineer. I am putting together a package to repair an induced gas flotation cell at Okume Complex, building a pipeline database and completing a C-5 umbilical methanol subsea leak test program for Ceiba Field.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Excellent! Hess is committed to help me grow technically and professionally through training in the U.S. and abroad.

WHERE DO YOU WANT TO BE IN FIVE YEARS?

I want to be a skilled and independent engineer in my area of expertise.

WHAT DO YOU LIKE MOST ABOUT HESS' CULTURE?

I like Hess' commitment to employee growth and it values open door conversations with supervisors and managers.

WHICH OF THE SIX HESS VALUES MOST RESONATES WITH YOU AND WHY?

People, because everyone is willing to help their colleagues get the job done.

WHY DID YOU DECIDE TO JOIN HESS?

Hess has a global portfolio that gives me the opportunity to see several different types of assets and expand my knowledge. Also, the people make it a great environment to work in.

WHAT ARE YOU CURRENTLY WORKING ON?

I am currently working on several assignments in North Dakota, including determining the acid feasibility for the Madison formation in Keene, Bakken gas lift study, casing integrity solutions for certain wells, and managing the Legacy asset in Keene.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Committed. Hess is dedicated to helping its employees. Through training programs, both internal and external, and the Foundation Program, you can learn more about what you want to do and the company's business units will work with you to help you achieve your goals.

WHERE DO YOU WANT TO BE IN FIVE YEARS?

Working on a new and developing asset and using what I've learned to help achieve the team's goals.

WHAT DO YOU LIKE MOST ABOUT HESS' CULTURE?

Everyone is open to listening to everyone at the table, including young engineers.

WHY DID YOU DECIDE TO JOIN HESS?

I previously interned for Hess in West Africa and enjoyed what I did, what I was able to accomplish, and the people I worked with and met along the way.

WHAT ARE YOU CURRENTLY WORKING ON?

I'm facilitating the transition from a decision support software to a standard tool for visualization and portfolio management.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Hess has been a great company for my professional and personal development— small enough so that each employee counts, yet big enough to offer opportunities and challenges domestically and internationally.

WHERE DO YOU WANT TO BE IN FIVE YEARS?

Playing a technical role in a key operated asset.

WHAT DO YOU LIKE MOST ABOUT HESS' CULTURE?

Hess promotes a rewarding working environment with plenty of options for professional growth.

WHICH OF THE SIX HESS VALUES MOST RESONATES WITH YOU AND WHY?

Independent Spirit. As a company, Hess cares about its people, its impact and its reputation. Because of Hess' size, you can experience these values since the first day you join the team.

WHY DID YOU DECIDE TO JOIN HESS?

I liked the level of involvement I was allowed during my internship. The balance of responsibility and support I get at Hess makes for a great learning environment.

WHAT ARE YOU CURRENTLY WORKING ON?

Right now I am in the Foundation Program, doing a Drilling rotation. I have been assigned a rig and am in charge of supervising daily operations, planning future wells and optimizing drilling performance.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Balanced. I feel like Hess puts forth effort to see me succeed and grow independently as an engineer and I contribute to the business unit and am expected to pull my weight.

WHERE DO YOU WANT TO BE IN FIVE YEARS?

I'm interested in subsea facilities technology but I'm also really enjoying my drilling rotation. I could see myself following either of those career paths.

WHAT DO YOU LIKE MOST ABOUT HESS' CULTURE?

I like the sense of opportunity. I could work in West Texas, just a few miles from my hometown, or I could work offshore Australia. The options are endless and Hess does its best to listen to what you want and help make it happen for you.

WHICH OF THE SIX HESS VALUES MOST RESONATES WITH YOU AND WHY?

People. I've seen how much Hess has invested in my early career development and how much value they put in to continued training.

WHY DID YOU DECIDE TO JOIN HESS?

Hess has the culture of a small independent, but the global presence of a major energy company. This unique combination was very attractive when I was looking for a place to start a career because I believe this combination is key for early career development.

WHAT ARE YOU CURRENTLY WORKING ON?

I am completing a drilling rotation with the North Dakota Bakken group. I have been assigned a drilling rig and I am in charge of supervising daily operations, well planning, and optimizing drilling performance.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Very balanced. I expect to receive on the job training and career developing opportunities, and Hess expects me to contribute to the very best of my abilities to add value.

WHAT DO YOU LIKE MOST ABOUT HESS' CULTURE?

Hess encourages new hires to work in a number of different roles early in their career.

WHICH OF THE SIX HESS VALUES MOST RESONATES WITH YOU AND WHY?

WHY DID YOU DECIDE TO JOIN HESS?

I was initially attracted to Hess because of its smaller size, independent spirit and diverse asset portfolio. Despite being mid-sized, Hess is large enough to provide Foundation members with the training opportunities and international exposure of a major. As a new geologist, I have already been on both a production and an operations team within my first year, and these experiences were invaluable growth opportunities for my development as a geologist.

WHAT ARE YOU CURRENTLY WORKING ON?

On the North Dakota Operations team, I prepare for and monitor the drilling of wells. This includes not only making detailed structure maps and cross-sections, but also working with the Drilling team to steer the wellbore during the lateral.

HOW WOULD YOU DESCRIBE YOUR RELATIONSHIP WITH HESS?

Great! I am appreciative of all the opportunities I have had and will have during my career at Hess.

WHERE DO YOU WANT TO BE IN FIVE YEARS?

Working for a business unit with a challenging geological problem to solve, preferably with an international assignment.

WHICH OF THE SIX HESS VALUES MOST RESONATES WITH YOU AND WHY?

Integrity. I can trust that the people who work with me here at Hess can be relied on to act consistently, to stand by their actions, and to do what is right.
