Hess is a leading global independent energy company engaged in the exploration and production of crude oil and natural gas. We operate in 15 countries, produce 289,000 net barrels of hydrocarbons per day* and have 1.3 billion barrels of oil equivalent in proved reserves*. Eighty-four percent of our production and 78 percent of our reserves are in five regions: Asia Pacific, the Gulf of Mexico, the North Sea, onshore United States and West Africa.

*Pro forma assuming all currently announced divestitures were completed by January 1, 2012
