PRODUCER—HESS

### Executing Highly Complex Deepwater Offshore Projects

Hess has proven capabilities as an operator in deepwater offshore exploration, development and production, executing highly complex projects. We are proud to deliver Tubular Bells\* with our trusted partners safely, within budget, and in just three years. Located 135 miles offshore Louisiana in approximately 4,300 feet of water, the asset is a key driver of our company's future growth.

And there is more to come.

We invite you to discover Hess and our plans for the future.

\*Hess is operator and owns 57.14%; Chevron owns 42.86%.
